

OFFICE 365 EMAIL PILOT MIGRATION

**Flexible, Secure, Cost-Effective Way
to Begin Your Move to Office 365!**

WHAT IS EMAIL PILOT MIGRATION?

ProServeIT offers a standard modular approach to adopting Office 365. **Moving a pilot group of 50 users to Office 365** (i.e. move the first 50 mailboxes from your existing environment to the Cloud) ensures a **rock solid foundation for all your future Cloud projects**. After this pilot migration, you can choose to migrate the rest of the mailboxes on your own or have ProServeIT perform the migration.

WHAT'S INCLUDED?

- Migrate first 50 (pilot) mailboxes to Office 365
- Conduct rigorous testing
- Integrate on-premises email with Office 365
- Install and deploy Exchange 2016 hybrid server
- Setup Network & Co Existence
- Setup and configure Office 365 tenant
- Best practices for integrating identities
